Purolator reserves the right not to accept any Packages in its courier network that weigh more than 150 pounds (approximately 68 kilograms) or measure more than 165 inches (approximately 419 centimeters) in total overall Piece size because they are considered over the maximum limit. If such a Package is found in the Purolator courier network, a Special Handling surcharge will be applied. The formula for calculating total overall Piece size is: length + (width x 2) + (height x 2). Note that additional fees may also be charged on certain shipments to nonresidential postal codes. When appropriate pursuant to the Purolator Rate Guide, both Special Handling and Dangerous Goods (Hazardous Materials) surcharges (see "Purolator Specialized Services – Dangerous Goods (Hazardous Materials)") may be applied to a Shipment. If there are multiple Special Handling surcharges which would apply to a particular Piece, it is only the Special Handling surcharge that has the highest value, amongst all the applicable Special Handling surcharges, that would be applied to the Piece. Surcharges will also apply to Packages that must be repackaged because their original packaging is deemed inadequate at Purolator's discretion. The payment of Special Handling charges in respect of a particular Courier Shipment does not affect Purolator's maximum liability stated in these Terms and Conditions or the classification of such Courier Shipment travelling at the Shipper's risk (see "Tendering Shipments to Purolator – At Shipper's Risk").

Right to Introduce or Amend Special Handling Fees

Purolator reserves the right to introduce, increase and / or amend Special Handling surcharges during designated time periods, including peak season volume periods, to prepare our network for our busiest season and to align with market conditions. This right is in addition to Purolator's right to cap/limit Shipments (see "Right to Cap / Limit Shipments").

Dangerous Goods (Hazardous Materials)

Pursuant to the Purolator Rate Guide, both Dangerous Goods (Hazardous Materials) and Special Handling surcharges (see "Purolator Specialized Services – Special Handling") may be applied to a Shipment.

Pursuant to the Purolator Rate Guide, if there are multiple Dangerous Goods (Hazardous Materials) surcharges which would apply to a particular Shipment, it is only the Dangerous Goods surcharge that has the highest value, amongst all the applicable Dangerous Goods surcharges, that would be applied to the Shipment.

Purolator will accept certain Dangerous Goods (Hazardous Materials) for carriage provided that they are properly packaged to ensure safe carriage in accordance with all applicable laws including, without limitation, the Transportation of Dangerous Goods Act (Canada) and the regulations promulgated thereunder, and the ICAO Technical Instructions,[†] in addition to any applicable International Air Transport Association (IATA) guidelines or requirements. Purolator reserves the right to refuse Dangerous Goods for carriage where they cannot be accepted in accordance with applicable laws. The COS service is not available with Saturday service or to delivery points that are deemed by Purolator to be remote, where such points are not serviced directly by Purolator.

ExpressCheque®

ExpressCheque is collect-on-delivery service whereby Purolator will collect payment from the Consignee, on behalf of the Shipper, at the time a Shipment is delivered. ExpressCheque is available from select points in the U.S. provided that the Shipper has a Canadian address to which Purolator can remit the payment collected from the Consignee. Please contact Purolator for details. When a Shipper elects the ExpressCheque service, Purolator will only release the Shipment to the Consignee if Purolator is able to collect payment. The following conditions apply to ExpressCheque service:

- (i) Purolator will not accept payment in cash. Only checks (including post-dated checks and certified checks), bank drafts or money orders will be accepted. Purolator assumes no responsibility for ensuring that the Consignee complies with the form of payment requested by the Shipper and assumes no liability in respect thereof.
- (ii) The Shipper is required to advise the Consignee of the amount of any checks (including post-dated check and certified check), bank draft or money order required prior to delivery by Purolator, and such check, bank draft or money order must be made payable to the Shipper.
- (iii) All checks (including post-dated checks and certified checks), bank drafts and money orders tendered as payment for an ExpressCheque Shipment will be accepted by Purolator at the Shipper’s risk including, but not limited to, the risk of such check, bank draft or money order: (a) not being honored; (b) being a fraud or forgery; or (c) being declared invalid.

- (v) If the Consignee is unable or unwilling to provide payment for the Shipment, or if the Consignee refuses to accept delivery of the Shipment for any reason, Purolator will not complete delivery of the Shipment. The driver will return

Purolator International, Inc. Terms and Conditions of Service

the Shipment to the nearest Purolator facility, and Purolator will contact the Shipper for further instructions. If the Shipment is returned to the Shipper, such return will be at the Shipper's expense.

- (vi) Purolator does not become the Shipper's agent for any purpose by virtue of performing the ExpressCheque service.

Hold For Pickup

For Courier Shipments destined for delivery in Canada, a Shipper may request that the Shipment be held at an authorized Purolator location for in-person pickup (in lieu of having the Shipment delivered to the delivery address indicated on the Bill of Lading) by ensuring that a "Hold For Pickup" Service Identifier is on the Shipment. Purolator will notify the Consignee by telephone when the Shipment is available for pickup. For select points in Canada, Purolator may elect to deliver the Shipment to an authorized Purolator location for in-person pickup and will notify the Consignee that the Shipment is being held for pickup. Where a Consignee is not available to accept a delivery attempt by Purolator, the Shipment will be held at an authorized Purolator location for in-person pickup.

Shipments held for pickup will be held at the authorized Purolator location up to five business days. If the Consignee fails to pick up the Shipment during this time, Purolator may return the Shipment to the Shipper at the Shipper's expense.

The following conditions apply when picking up a "Hold For Pickup" Shipment:

- (i) If the Consignee is an individual, the Consignee or an individual residing at the same address as the Consignee must present a valid piece of government-issued photo identification with proof of address.
- (ii) If the Consignee is a company, an individual authorized by the Consignee must present a valid piece of government-issued photo identification and a signed letter of authorization printed on the receiving company's letterhead.
- (iii) If the Consignee (whether an individual or company) authorizes a third party to pick up the Shipment on the Consignee's behalf, such third party must present a valid piece of government-issued photo identification and a signed letter from the Consignee, which references the Shipment's package identification number and authorizes Purolator to release the Shipment to such party. Purolator may also release a Shipment to a third party that lives at the same address as the Consignee, provided that such third party presents a valid piece of government-issued photo identification that shows they live at the same address as the Consignee.

Notwithstanding the foregoing, Purolator may, at its sole discretion, refuse to release a Shipment to anyone other than the Consignee of the Shipment named on the Bill of Lading.

When picking up a Hold For Pickup Shipment that was sent using Purolator's collect service or third-party billing service, the Consignee (or authorized third party) will be required to pay all Shipment charges at the time of pickup if such Consignee (or authorized third party) does not have a valid Purolator account.

Residential Heavyweight Service

For Shipments weighing over 70 pounds delivered to or picked up from a Residence, a Special Handling surcharge and a Residential Heavyweight Service surcharge will apply (see "Tendering Shipments to Purolator – Residential Heavyweight Service").

Returns Services

Purolator offers Customers the ability to create return shipping labels, whether for inclusion with an outbound Shipment (referred to as "Outbound Return Service") or without an associated Shipment (referred to as "Returns Management Service"). Return shipping labels must be prepared using an Automated Shipping System. There is no additional charge for generating a return shipping label. Customers will be invoiced the applicable Service Rate and any Additional Charges and Taxes when a Shipment bearing a return shipping label travels through Purolator's courier distribution system. The Service Rate, Additional Charges and Taxes that will be applied to a return Shipment will be those in effect at the time the Shipment is tendered for carriage.

Saturday Service

Purolator will accept Courier Shipments traveling to Canada from the U.S. and the rest of the world for delivery on Saturday. Where Saturday Service is selected, an additional charge will be applied.

Purolator International, Inc. Terms and Conditions of Service

If Purolator fails to deliver a Saturday Service courier Shipment by End of Day on the guaranteed delivery day, Purolator will, upon request by the Customer, refund or credit (at Purolator's option), the Saturday Service charge (excluding the Service Rate, Taxes and other Additional Charges) paid by the Customer to Purolator in respect of the Shipment (see "Claims – Refunds for Purolator Guarantees").

The following limitations apply to Saturday Service:

- (i) The Shipment destination must be an eligible Saturday Service guaranteed delivery point from the point of origin or from the Canadian Induction Facility, as the case may be.
- (ii) The delay must not be caused by some event beyond Purolator's control including, but not limited to, those items described in "Liability of Purolator – Events Beyond Purolator's Control".
- (iii) The Courier Shipment must not be left in a Purolator drop box, must not require pickup after local cut-off times, and must not be tendered to Purolator after local cut-off times.
- (iv) A Saturday Service courier Shipment cannot be converted, upgraded or modified to any other service (e.g., to a PuroExpress 9AM or a PuroExpress Evening Shipment).
- (v) Each Piece in the Shipment must weigh no more than 70 pounds (approximately 32 kilograms) for the Saturday Service guarantee to apply.
- (vi) For Shipments traveling to Canada from the U.S. or the rest of the world, the Saturday Service guarantee will only apply to the Shipment following induction at the Canadian Induction Facility.

In addition to the limitations noted above, the following conditions apply:

- (i) The Saturday Service guarantee may be suspended, modified or revoked in Purolator's sole discretion.
- (ii) Purolator will not accept the following Courier Shipments for Saturday service:
 - a. Dangerous goods Shipments (see "Purolator Specialized Services – Dangerous Goods / Hazardous Materials");
 - b. ExpressCheque Shipments (see " – ExpressCheque");
 - c. COS Shipments (see "Purolator Specialized Services – Chain of Signature");
 - d. Heavyweight Shipments (see "Tendering Shipments to Purolator – Heavyweight"); and
 - e. Shipments exceeding Purolator's size limitations (see "Shipment Acceptance Policy – Size Limitations").
- (iii) The Saturday Service guarantee will not apply to the following Shipments:
 - a. Shipments originating from or destined to points deemed by Purolator to be remote, where such points are not serviced directly by Purolator; and
 - b. Undeliverable or returned Shipments.
- (iv) In the event that at least one (but not all) of the Pieces in a guaranteed Saturday Service Shipment are not delivered in accordance with the Saturday Service guarantee, Purolator will, at its option, refund or credit the Customer, upon request, an amount equal to the Saturday Service charge that was applied to the original Shipment.
- (v) For details about the applicable geographic and other service limitations, as may be determined by Purolator from time to time, please contact Purolator.

Signature Required / Signature Not Required (SNR / O-SNR)

Shippers and Consignees may request that Purolator obtain a signed proof of delivery for Shipments.

- Any Courier Shipment destined for delivery in a Canadian Residential Area prepared using a manual Bill of Lading (that was not prepared using an Automated Shipping System) travels as a Shipment requiring a signature, and will be subject to the Residential Area charge, not the Signature Required Residential charge.

Purolator International, Inc. Terms and Conditions of Service

- Any Courier Shipment prepared using an Automated Shipping System that is destined for delivery in a Canadian Residential Area travels as a Shipment not requiring a signature, unless the Customer selects that the Shipment requires a signature, in which case the signature required charge will apply.
- Any Courier Shipment destined for delivery in Canada (other than in a Residential Area) travels as a Shipment requiring a signature at no additional charge.
- Fuel Surcharges may apply.

Consignees that do not require a signed proof of delivery may waive this requirement for one or all future Courier Shipments destined to their delivery address by signing up for Purolator's SNR service by completing a "Customer's Authorization to Waive Delivery Signature Form – Single Shipment Use Form" or "Customer's Authorization to Waive Delivery Signature Form – Multiple Shipment Use Form". Where a Shipper waives this requirement for one or all future Courier Shipments, it is referred to as Purolator's O-SNR service. Each Piece in an O-SNR Shipment must display the O-SNR Service Identifier.

Where the SNR or O-SNR service is elected, Purolator may leave Shipment(s) at the Consignee's address unattended and without obtaining a signed proof of delivery, and the Shipper and the Consignee are bound by the liability release in favor of Purolator contained in the above-mentioned authorization forms. For greater certainty, the Shipper and the Consignee release and indemnify Purolator, on a joint and several basis, from and against any claims or liabilities resulting from the delivery of a SNR or O-SNR Shipment. In the case of the O-SNR service, the Shipper may alternatively provide Purolator with electronic authorization if the Shipment is prepared using an Automated Shipping System.

The SNR service will override a Shipper's request for a signature. Upon request, Purolator will reimburse any Shipper, within 45 days of Purolator's acceptance of the Shipment for carriage, for the difference between the Signature Required charge paid (if any) and the Residential Area charge that would have otherwise been payable in respect of such Shipment (see "Shipping Charges – Residential Area"). If the signature required charge is less than the Residential Area charge that would have otherwise been payable in respect of such Shipment, the Shipper will not receive any reimbursement. Please contact Purolator for details.

Notwithstanding the foregoing, the following services will always travel as a Shipment requiring a signature and are not eligible for the SNR or O-SNR service:

- (i) PuroExpress Evening Shipments;
- (ii) PuroGround Evening Shipments;
- (iii) Dangerous goods Shipments, including limited quantities;
- (iv) ExpressCheque Shipments; and
- (v) Chain of Signature Shipments.

For Shipments traveling from Canada to the U.S. and the rest of the world, such Shipments may travel as Shipments requiring a signature (see "Delivery of Shipments – Driver Release for Shipments to U.S. and Rest of World"). Please contact Purolator for details.

In circumstances where the Purolator driver is of the opinion that the Shipment will be at risk of loss or damage if left SNR or O-SNR, the driver may elect (in his / her own discretion) not to leave the Shipment without obtaining a signature notwithstanding that an SNR or O-SNR election has been made. In such cases, the Shipment will be treated as a Hold For Pickup Shipment (see "– Hold For Pickup").

The payment of Additional Handling surcharges in respect of a particular PuroPost and PuroPost Plus Shipment does not affect Purolator's maximum liability stated in these Terms and Conditions or the classification of such PuroPost and PuroPost Plus Shipment traveling at the Shipper's risk (see "Tendering Shipments to Purolator – At Shipper's Risk").

A Customer has an option to be able to send at no charge an "Advance Shipment Notification" via email to a Consignee that advises the Consignee that a PuroPost Shipment has been dispatched and also provides a tracking number allowing the Consignee to track their PuroPost Shipment through Purolator's Client Portal.

A space will be included on the Delivery Notice Card for the addressee to authorize someone else to pick up the item (e.g., a third-party not living at the same address as the addressee).

A Self-declaration form is available for third-party authorization for entities such as businesses and organizations. This form requires the name and address of the business or entity, the name(s) and signature(s) or the individual(s) receiving authority, and the title, name and signature of the individual picking up the item, witnessed by a post office employee.

SHIPPING CHARGES

Purolator reserves the right to discontinue, apply new, or modify existing, shipping charges at any time and from time to time. Unless otherwise indicated, any of the following Purolator shipping charges may be applied to any Purolator Shipment. Please contact Purolator for details.

Declared Value Surcharge

Customers may declare a value for the Shipment on the Bill of Lading. If a value is declared:

- (i) A surcharge of 4.50% of the amount of the declared value will be applied to all Courier Shipments with a declared value exceeding CAD\$100; however, no surcharge will be applied to the first CAD\$100 of declared value. A value for Purolator liability purposes cannot be declared for Purolator Same Day Shipments.
- (ii) A surcharge of 3.25% of the amount of the declared value (in increments of CAD\$100, rounded up to the nearest hundred) will be applied to all Freight Shipments.
- (iii) For PuroPost and PuroPost Plus Shipments, a surcharge of CAD\$1.80 per CAD\$100 of declared value over CAD\$100 (in increments of CAD\$100 rounded up to the nearest hundred) will be applied, up to a maximum declared value of CAD\$2,500. No surcharge will be applied to the first CAD\$100 of declared value.

For the maximum value that may be declared for Purolator liability purposes in respect of any Shipment, see "Liability of Purolator – Maximum Liability".

For greater certainty, the declared value surcharge does not constitute insurance but rather an increase in Purolator's limitation on liability (see "Liability of Purolator – Maximum Liability").

Fuel Surcharge (FSC)

Purolator's fuel surcharges are set as follows:

- Courier Shipments – The fuel surcharge is set monthly based on the 4-week average price of regular unleaded gasoline calculated by Purolator using the weekly average prices reported by Kent Group Ltd. (formerly known as MJ Ervin Associates), a company that monitors fuel prices across Canada. Changes are effective the first Monday of each month and are posted at www.purolator.com approximately 2 weeks prior to the effective date. The fuel surcharge applies to all Courier Shipments tendered to Purolator regardless of destination or selected mode of carriage. The fuel surcharge for Courier Shipments, other than Purolator Same Day Shipments, will be applied to the sum of the Service Rate, and Beyond Point surcharges. ** In some instances, Shippers do not allow redirection by the Consignee, or Shippers must provide approval before the Consignee can request and obtain a redirection.*

- (i) Where a Shipment weighs less than 10,000 pounds (approximately 4,536 kilograms), the maximum included wait time is 30 minutes.

RATE APPLICATION

Rates

Where a Customer has entered into a Service Agreement with Purolator, the Service Rates and Applicable Charges for Purolator services will be determined in accordance with that agreement.

Purolator International, Inc. Terms and Conditions of Service

Where a Customer has not entered into a Service Agreement with Purolator, Customers will be charged a Service Rate, as well as any applicable Additional Charges, as follows:

- For Courier Shipments traveling to Canada from the U.S. and the rest of the world, the Service Rates are based on origin and destination FSAs. Please contact Purolator for details.
- For Courier Shipments traveling to Canada from the U.S. or the rest of the world, the Service Rates are based on a zone-to-zone grid system according to zones set out in the Service Agreement and any Addendums. Refer to Appendix A.

Purolator reserves the right to:

- (i) Make any additions, deletions or modifications to its Service Rates and Additional Charges at any time;
- (ii) Consolidate a number of individual Courier Shipments traveling, on the same date and at the same time, with the same Purolator service and other identical shipment characteristics, from one Shipper to one Consignee at one address, and for which will be billed to one Customer, into one Shipment under single Bill of Lading. Where five or more individual Pieces are consolidated, the Multipiece charge will be applied to the entire Shipment (see "Shipping Charges – Multipiece");
- (iii) Make any necessary adjustments to the charges applicable to a Shipment, where a Customer has failed to provide, or incorrectly provided, information about such Shipment. In such circumstances, Purolator may rate the Shipment on the actual number of Pieces traveling or that traveled through Purolator's courier or freight distribution network, as well as apply any Additional Charges and Taxes applicable to such Shipment, and invoice the Customer an amount equal to the difference between (a) the charges originally invoiced for the Shipment based on the electronic manifest or manual Bill of Lading and (b) the actual Service Rate, Additional Charges and Taxes applicable to the Shipment; and
- (iv) Rate the Shipment on the basis of the actual number of Pieces traveling or that traveled through Purolator's courier or freight distribution network and invoice such Shipment for the Service Rate and any Additional Charges applicable to such Shipment in the event that:
 - a. An electronic manifest or manual Bill of Lading is not available or obtainable at the time of billing; or
 - b. Shipper has re-used a Bill of Lading, or tendered a Shipment with a Bill of Lading that has been voided.

In addition, Purolator reserves the right to invoice a Customer, on any Shipment, the greater of:

- (i) The weight (rounded up to the nearest whole number) declared by the Customer on the Bill of Lading;
- (ii) The scale weight (rounded up to the nearest whole number) of the Shipment determined by Purolator (see "Tendering Shipments to Purolator – Reweighing, Cubing and Low-Density Shipments"); and
- (iii) The cubic (dimensional) weight of the Shipment (rounded up to the nearest whole number) determined by Purolator (see "Tendering Shipments to Purolator – Reweighing, Cubing and Low-Density Shipments").

In the event that a Customer fails to declare a weight on the Bill of Lading and Purolator fails to reweigh the Shipment, Purolator reserves the right to ascribe to such Shipment an average Shipment weight, and to invoice the Customer on the basis of such ascribed weight.

Rate Quote

Customer may obtain a rate quote by contacting their Customer Relationship Representative (CRR). Purolator will also provide a rate quote online when preparing a Shipment using one of Purolator's Automated Shipping Systems. Any such rate quote is subject to Additional Charges incurred after tendering the Shipment, which may include, without limitation, Special Handling and adjustments made to a Shipment's weight as a result of Purolator's right to reweigh or cube Shipments.

Any rate quoted for a Shipment is an estimate only and is based solely upon information provided by the Customer. The actual Service Rate and Additional Charges that will be applied to a Shipment, and for which a Customer will be invoiced, may vary from the rate quote based on the characteristics of the Shipment actually tendered to Purolator. Purolator is not liable, nor will Purolator refund or credit Customers, for any discrepancy between the rate quoted prior to tendering the Shipment, and the

Purolator International, Inc. Terms and Conditions of Service

actual Service Rate and Additional Charges applied to the Shipment. The rate(s) quoted to a Customer will depend on whether such Customer is an Account Customer and what discounts apply to such Customer's Purolator account.

Taxes

Purolator's Service Rates and Additional Charges do not include Tax. The Customer shall pay to Purolator any and all applicable Taxes imposed in respect of the service provided so that Purolator is fully reimbursed by the Customer as required by law.

Customs Clearance Charges

Purolator's Service Rates and Additional Charges do not include applicable Customs Clearance Charges, (with the exception of PuroPost and PuroPost Plus). The Customer shall pay to Purolator's designated customs broker or the Customer's own customs broker, as the case may be, any and all Customs Clearance Charges. The Customer agrees to indemnify Purolator against any claims or liabilities for unpaid Customs Clearance Charges.

TENDERING SHIPMENTS TO PUROLATOR

Bills of Lading

All Bills of Lading generated by Automated Shipping Systems are deemed to incorporate these Terms and Conditions. If a Bill of Lading other than a Purolator Bill of Lading is accepted by Purolator, these Terms and Conditions will be deemed to be incorporated into such Bill of Lading and will be deemed to supersede and replace any terms and conditions appearing on such Bill of Lading.

In the event of any conflict or inconsistency between these Terms and Conditions and the terms and conditions set out on a Bill of Lading, these Terms and Conditions will govern to the extent of such conflict or inconsistency.

Customer Representations and Warranties

The Customer represents and warrants that (i) the Shipment will be accurately described on the face of the Bill of Lading and any accompanying documentation; and (ii) where the Customer generates a Bill of Lading for the Shipment using an Automated Shipping System, unless the Customer voids the Shipment/Bill of Lading, the Customer will tender the Shipment described on such Bill of Lading to Purolator. The Customer agrees that where it has generated a Bill of Lading for a Shipment using an Automated Shipping System and such information has been submitted to Purolator, Purolator will charge the Customer, and the Customer will pay, for the Shipment described on such Bill of Lading.

The Customer further represents and warrants that the Shipment:

- (i) Will be acceptable for carriage;
- (ii) Will not consist of "Prohibited" articles (see "– Prohibited Articles");
- (iii) Will comply with Purolator's shipping restrictions (see "– Shipping Restrictions"); and
- (iv) Will be properly marked, addressed and packaged to ensure safe transportation in accordance with Purolator's ordinary care in handling and in accordance with all applicable laws including, without limitation, those laws governing the carriage of dangerous goods (see "Purolator Specialized Services – Dangerous Goods / Hazardous Materials).

Unless otherwise indicated, in respect of any Shipment, the Shipper's (consignor's) name and address is the sender's name and address indicated on the Bill of Lading, and the latter constitutes the place of execution and the place of departure; the Consignee's name and address is the recipient's name and address indicated on the Bill of Lading, and the latter constitutes the place of destination; and the date indicated on the Bill of Lading is the date of execution of the Bill of Lading.

Customs Clearance

Where a Customer has a pre-existing relationship with a customs broker, such Customer may designate that customs broker as the Customer's preferred customs broker and (with the exception of PuroPost and PuroPost Plus Customers) Purolator shall to use such customs broker to provide customs clearance services for such Customer. Where no customs broker designation has been made by the Customer, the Customer acknowledges and agrees that, by tendering a Shipment to Purolator, such Customer appoints Purolator's designated customs broker to provide customs clearance services, if any, to the extent allowed

Purolator International, Inc. Terms and Conditions of Service

by law. The foregoing appointment is irrevocable once the Shipment is accepted by Purolator. The Customer acknowledges that Purolator may designate, in its sole discretion, any customs broker to provide customs clearance services.

Reweighting, Cubing and Low-Density Shipments

Purolator may, at its sole discretion, round up the weight of any Shipment at the Shipment, Piece, or pallet level, up to the nearest whole number for billing purposes. Purolator may reweigh and/or cube any Shipment at the Shipment, Piece, or pallet level, and recalculate the Shipment charges at its sole discretion, notwithstanding that a weight has been declared on the Bill of Lading (see "Rate Application"). Purolator reserves the right to apply a dimensional weight to a Shipment, notwithstanding that a weight has been declared on the Bill of Lading.

Where a Customer has entered into a Services Agreement with Purolator, the cube factor that will be applied to calculate the Shipment charges may be determined in accordance with the cube factor contained in that agreement.

Where a Customer has not entered into a Services Agreement with Purolator or such agreement is silent on cubing, a cube factor will be applied, as follows:

- 15 pounds per cubic foot (6.804 kilograms per 0.0283 cubic meters) for PuroExpress Shipments that travel via Purolator's air network (whether in whole or in part); or
- 10 pounds per cubic foot (4.562 kilograms per 0.0283 cubic meters) for PuroParcel Shipments and PuroExpress Shipments that do not travel via Purolator's air network (whether in whole or in part).

The Customer's invoice will indicate if the air cube is applied. Purolator will multiply the applicable cube factor by the cubed (dimensional) weight of each Piece in a Shipment, calculated as follows:

$$\text{* Dimensional weight} = \frac{\text{length X width X height}}{1,728}$$

$$\text{** Metric equivalent} = \frac{\text{length X width X height}}{28,316}$$

** Dimensional weight is calculated in inches*

*** Metric equivalent is calculated using centimeters*

Any Freight Shipment that occupies a length of 10 feet (approximately 3 meters) or more of trailer space will be ascribed a weight of 1,000 pounds per linear foot. If a Freight Shipment cannot be stacked (or has a height of 6 feet or more), or cannot be placed alongside another Freight Shipment in the trailer, it will be ascribed a height of 8 feet (approximately 2 meters).

Right of Inspection

Purolator reserves the right to open and inspect any Shipment tendered to it for carriage, at any time, without notice. Governmental authorities may also open and inspect any Shipment, at any time, without notice.

Right to Refuse Shipments

Purolator reserves the right to refuse any Shipment, in its sole discretion, including any Shipment that may soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impractical to transport, or which is improperly prepared, packed or wrapped for transport (see "Shipment Acceptance Policy").

Right to Pursue Consequential Damage Claims

Purolator retains the right to request reimbursement by the Shipper for any costs related to the cleanup of, or damage to, its property caused by contents spilling from or dropping out of a Shipment.

Right to Use Agents and Subcontractors

Purolator reserves the right to use its parent, affiliates, agents and subcontractors in the performance of its services. Any exercise of this right will in no way affect Purolator's maximum liability described in these Terms and Conditions (see "Liability of Purolator – Maximum Liability"). For Courier Shipments, where agents or subcontractors are used, more restrictive size and weight limitations than those set out herein may apply (see "Shipment Acceptance Policy").

Right to Use Alternate Modes of Carriage

Purolator reserves the right to use an alternate mode of carriage for the Customer's selected service and the Customer acknowledges that charges based on such mode will be levied and such Customer shall pay same. In the event a Customer fails

Purolator International, Inc. Terms and Conditions of Service

to indicate a mode of carriage on a manual Bill of Lading, Purolator reserves the right to transport the Shipment by the most efficient mode of carriage available, in Purolator's sole discretion, and the Customer acknowledges that charges based on such mode will be levied and such Customer shall pay same. Any exercise by Purolator of such right to use alternate modes of carriage will in no way affect Purolator's maximum liability described in these Terms and Conditions (see "Liability of Purolator – Maximum Liability").

Proper Labeling

Each Shipment or Package must display a Purolator or Purolator approved Bar Coded Parcel Identification Number (PIN) and a properly secured and completed address label, as follows:

- (i) The address label must display the Shipper's and Consignee's full addresses including zip code or postal code and phone number with area code (post office box addresses are not permitted). In addition to the above information, the address label must contain the following:
 - Customer account number (if applicable)
 - Service option selected
 - Service Identified (if applicable)
 - Billing instructions (if applicable)
 - Number of Pieces in the Shipment
 - Weight of each Piece in the Shipment
 - Declared value (for Purolator liability purposes) –optional
 - Date
 - Signature (if applicable)
- (ii) The address label must be securely fastened to the top of each Shipment or Package. String or wire tags are not acceptable. Improper labeling may result in the Shipment being delayed or lost. It is strongly recommended that a duplicate address label be attached to an inner flap of each Shipment or Package;
- (iii) Address labels must be flat with all Purolator bar codes visible. Labels should not be wrinkled, creased, folded or placed on the Shipment in a manner that may make them difficult to scan and or read (e.g., on box corners or uneven surfaces or seams);
- (iv) Where a Customer is reusing a box or packaging, all previous delivery address labels and markings must be covered or removed.
- (v) A Shipment consisting of more than one Piece must have each Item individually numbered. For example, if a Shipment consists of three Pieces, the Pieces should be marked "1 of 3", "2 of 3" and "3 of 3". This numbering of Pieces is in addition to the requirement that each Piece in the Shipment displays a PIN and full delivery address.
- (vi) According to the Shipper's discretion, for courier or freight Shipments, orientation "up" arrows may be located on either both sides or ends of Shipments containing liquids or fragile items. In addition, Shipments containing liquids may be labeled "LIQUID". Shipments containing glass or ceramic products may be labeled "GLASS". However, note that Purolator does not guarantee special care to courier or freight Shipments that contain content markings.
- (vii) Purolator Express (U.S. Origin) and Purolator Expedited (U.S. Origin) Pieces weighing in excess of 70 pounds must be labeled as "Heavyweight"; and
- (viii) Maximum of 4 Packages per Shipment when using a manual Bill of Lading.

Use of Personal Information

Purolator International's Privacy Policy, as published on www.purolatorinternational.com, governs all personal information (i.e., information about an identifiable individual) that Purolator receives from a Customer to effect the delivery of a Shipment.

Customer's Own Automated Shipping Systems, Labels, Bar Codes and Bills of Lading

Purolator requires that Customers use a Purolator Bill of Lading to eliminate billing, tracking and service failures. Customers may request, and Purolator may agree, in its sole discretion, to allow a Customer to use its own (or a third party provider's)

Purolator International, Inc. Terms and Conditions of Service

labels, bar codes, and Bills of Lading generated in a form, and on automated shipping systems, approved in advance by Purolator pursuant to the applicable Purolator certification program.

Any Customer using its own (or a third party provider's) Automated Shipping System, labels, bar codes and Bill of Lading agrees:

- (i) To comply with the obligations set out in the Purolator certification program, including but not limited to the design and specification requirements and updates;
- (ii) That it has been granted a non-exclusive, non-transferable, royalty free license to use the intellectual property provided by Purolator in such Automated Shipping System, labels, bar codes and Bills of Lading. The Customer will not, under any circumstances, sublicense, sell, loan, lease, assign, convey, encumber or otherwise transfer the intellectual property provided by Purolator. Purolator reserves the right to revoke such license immediately upon notice to the Customer;
- (iii) To seek Purolator's prior approval pursuant to the applicable Purolator certification program for any proposed changes to such Automated Shipping System, labels, bar codes and Bills of Lading;
- (iv) That, if the Customer does not comply with the requirements set out in Purolator's certification program and these Terms and Conditions, Purolator may, in its sole discretion, cease providing services and / or revoke certification;
- (v) That Purolator is not liable for any loss or damage incurred or suffered by a Customer as a result of the use of such Automated Shipping System, labels, bar codes and Bills of Lading, including incorrect rate quotes, where such Automated Shipping System, labels, bar codes and Bills of Lading do not comply with the Purolator certification program and these Terms and Conditions; and
- (vi) To release and discharge Purolator from, and indemnify Purolator against, all claims, actions, demands, costs, losses or damages arising or resulting from such Customer's failure to comply with the requirements set out in the certification program and these Terms and Conditions.

The Customer agrees that all Shipments tendered to Purolator bearing the Customer's own (or a third party provider's) label, bar code and Bill of Lading are governed by: (i) these Terms and Conditions (as may be amended by Purolator from time to time); and (ii) applicable law.

The Customer's own (or third party provider's) electronic Bills of Lading must be successfully transmitted to Purolator no later than the day following pickup of the Shipment by Purolator. Where the electronic Bill of Lading is not received in time, Purolator may, in its sole discretion, cease providing services or elect to use alternate methods of billing for the Shipment and apply any applicable administrative charges incurred to alternate the billing method.

Heavyweight

Purolator may accept Pieces that weigh more than 70 pounds (approximately 32 kilograms) to travel as Courier Shipments, provided that "heavyweight" service has been pre-arranged by contacting Purolator. Heavyweight Shipments may also be subject to Special Handling charges (see "Purolator Specialized Services – Special Handling"). Heavyweight Shipments are not eligible for Purolator's service guarantees. It is the Shipper's responsibility to advise the Consignee that a Heavyweight Shipment will require assistance at the receiving end to effect delivery.

Certain articles are not well suited for Purolator's distribution and sorting system and are therefore subject to a high risk of damage. For this reason, the following articles are only accepted for carriage at the Shipper's risk (i.e., Purolator will not assume liability of any kind for these articles and will not accept any claims for loss, damage or delay in the shipment of these articles):

Prohibited Articles

Purolator will not transport any article that (i) it is prohibited by law from transporting, and (ii) is inadequately or improperly prepared for ordinary transport having regard to the nature of such article.  - (xix) Dry Ice (except when shipped via PuroParcel).
 - (xx) Furs.
 - (xxi) Other prohibited articles that vary by country. Please contact Purolator for details.

Customer cannot declare a value for any of the above articles. Any Shipment containing articles requiring Purolator's pre-approval will travel at the Shipper's risk, including without limitation for loss, damage, delay, mis-delivery or failure to deliver such Shipment. Please contact Purolator for details. In the event that Purolator unknowingly transports a Prohibited" article, Purolator will assume no liability whatsoever in respect of the loss, damage, delay, mis-delivery or failure to deliver such Shipment.

In all other circumstances, Purolator's maximum liability will be as described in these Terms and Conditions (see "Liability of Purolator – Maximum Liability").

PuroPost® and PuroPost Plus Shipments

Reweighting, Cubing and Low-Density Shipments

For any PuroPost and PuroPost Plus Shipment, charges for low density shipments will be calculated at a minimum density rate per cubic foot for each Piece in a shipment. The formula to be used in calculating the dimensional or cubed weight of each Piece in the Shipment is as follows:

$$\text{Dimensional / Cubed Weight} = \frac{\text{length X width X height}}{139}$$

(in inches)

Notwithstanding the foregoing, Purolator agrees to waive all dimensional or cubing adjustments for any Pieces in a Shipment with a dimensional volume of 5,184 cubic inches (3 cubic feet) or less.

Purolator reserves the right to re-weigh shipments, notwithstanding that a weight has been declared on the shipping document, and to bill Customer based upon the weight determined by such re-weigh process.

Proper Labeling

Each PuroPost Piece must display an approved PuroPost address label with and an approved PuroPost PIN number:

- (i) The address label must display the Shipper's and Consignee's full addresses including zip code or postal code and phone number with area code (Shipper only). In addition to the above information, the address label must contain the following:
 - Customer account number (if applicable)
 - Weight of each Piece
 - Method of Payment
- (ii) The address label must be securely fastened to the top of each Piece. String or wire tags are not acceptable. Improper labeling may result in the Shipment being delayed or lost. It is strongly recommended that a duplicate address label be attached to an inner flap of each Shipment or Package.
- (iii) Address labels must be flat with all PuroPost bar codes visible. Labels should not be wrinkled, creased, folded or placed on the Shipment in a manner that may make them difficult to scan and or read (e.g., on box corners or uneven surfaces or seams).

Prohibited Articles

In addition to the prohibited articles mentioned above, Purolator will not transport any article as part of a PuroPost or PuroPost Plus Shipment that includes any of the following, unless the Customer has received prior written approval from Purolator as

Purolator International, Inc. Terms and Conditions of Service

evidenced by a duly executed Services Agreement or other written record setting out the pre-approved article(s) to be transported:

- Certain pharmaceuticals.
- Certain categories of batteries.
- Radiological devices.

For details on which types of the above categories are prohibited, please contact your Customer Relationship Representative.

SHIPMENT ACCEPTANCE POLICY

The contents of a Shipment must be held firmly in place by the interior (internal) packaging system. Interior packaging must surround the article and prevent movement within the carton to protect carton contents from normal external forces, including pressure exerted by stacking other Shipments on top of it. Sufficient internal packaging is especially important for lightweight and / or fragile Shipments (see "Packaging Guidelines" in the Purolator Service Guide).

Shipments not packaged in accordance with Purolator's shipment acceptance policy will travel at the Shipper's risk (see "Tendering Shipments to Purolator – At Shipper's Risk").

Packaging Requirements

Shipments must be properly packaged to ensure safe transportation in accordance with Purolator's ordinary care in handling of Courier Shipments. Plastic casing, aluminum casing or other types of external casing or packaging, the exterior of which may be damaged while traveling via Purolator's courier distribution system, should be protected by outer packaging.

Defect-Free Carton

A defect-free carton maintains the original rigidity of its corrugated sidewalls. The carton's corner seals and flaps must remain intact. Carton defects include punctures, tears, rips or corner damage, each of which reduces the carton's structural integrity.

Defect-Free Carton Closure

Masking or cellophane tapes do not supply the strength necessary to secure Shipments traveling through Purolator's distribution and sorting system. The minimum acceptable tape is 2" (approximately 5 centimeters) wide for pressure-sensitive plastic tape. Water-activated or reinforced paper tape is not recommended. The use of string, rope, plastic straps or elastic bands on the outside of a Shipment is prohibited, as is the use of gift wrap or brown postal paper on the exterior of any Shipment.

Strength of Carton

The strength of the corrugated carton is a critical factor in a Shipment's ability to withstand the normal rigors of parcel handling and carriage. The carton's class stamp, printed on the bottom of the carton, designates the maximum allowable content weight and is shown as the last number at the bottom of the stamp. The weight of packaging and contents must not exceed 50% of this value.

Cans and Pails

Lid clips or lock rings must be used on all sizes of paint cans. Locking lids must be used on all sizes of pails.

Pallets and Stretch Wrap

Any bulk Courier Shipments (including Shipments traveling to Canada from the U.S. or the rest of the world that will become individual Shipments upon induction at a Canadian Induction Facility) may be required to be secured to one or more pallets with stretch wrap.

Interior Packaging

The contents of a Shipment must be held firmly in place by the interior (internal) packaging system. Interior packaging must surround the product and prevent movement within the carton to protect carton contents from normal external forces such as the pressure exerted by the stacking of other Shipments on top of it. Sufficient internal packaging is especially important for light, fragile Shipments.

DELIVERY OF SHIPMENTS

Delivery

Purolator will deliver the Shipment to the delivery address (or applicable shipping agent locations, where shipping agents are used) indicated on the Bill of Lading. Purolator is not required to deliver the Shipment to any particular person, whether or not specifically identified on the Bill of Lading. The Consignee of any Shipment is deemed to appoint the individual who signs for the Consignee's Shipment on delivery as the Consignee's agent to accept delivery on the Consignee's behalf. Purolator reserves the right to withhold delivery of a Shipment and / or return the Shipment to the Shipper (at the Shipper's expense) if a proof of delivery signature cannot be obtained from an individual that appears to Purolator's driver to be over the age of majority. If Purolator is unable to complete delivery of a Courier or a PuroPost or a PuroPost Plus Shipment (after at least one attempt), a notice of delivery will be left at the delivery address setting out instructions for the Consignee to pick up the Shipment. In the case of a Freight Shipment, if Purolator is unable to complete delivery on the first attempt, the Shipment will be returned to the applicable Purolator facility and Purolator will contact the Shipper for further instructions. If Freight Shipment is returned to the Shipper, such return will be at the Shipper's expense.

Driver Release for Shipments to Canada

At the discretion of Purolator's authorized agent, a Shipment (with the exception of PuroPost or PuroPost Plus Shipment) destined for delivery to Canada may be left at a private residence without obtaining a signature. If a signature is required for a Shipment or, if Purolator's agent is otherwise unable to "release" a Shipment, it may be delivered to a neighboring address and Purolator's agent will obtain a signature from the neighbor when completing an indirect delivery. The Shipper and the Consignee release and indemnify Purolator, on a joint and several basis, from and against any claims or liabilities resulting from an authorized agent driver's release of such Shipment.

Purolator International, Inc. Terms and Conditions of Service

Undeliverable Shipments

For Shipments that cannot be delivered for any reason, including, without limitation, errors or omissions on the Bill of Lading, refusal by the Consignee or failure of the Consignee to pick up a Shipment being held for pickup, Purolator may return such Shipment(s) to the Shipper at the Shipper's expense. The Shipper will be invoiced for the original delivery charge, as well as the return delivery.

For Shipments that cannot be delivered or returned for any reason, title to the Shipment(s) will pass to Purolator and such Shipment(s) may be disposed of in Purolator's sole discretion and at any location:

- (i) In the case of Shipments consisting of general articles, where such articles have been in Purolator's possession for 120 days or more.
- (ii) In the case of Shipments consisting of perishable articles, where such articles have been in Purolator's possession for 30 days or more.

The Shipper shall pay any costs incurred and indemnify Purolator for any damages in respect of the foregoing. For greater certainty, Purolator's maximum liability in respect of any Shipments disposed of will be the maximum liability stated in these Terms and Conditions under "Liability of Purolator – Maximum Liability".

Routing

By tendering a Shipment to Purolator, Shipper agrees that transit times shall be determined by Purolator and are subject to modification due to Force Majeure or any other event beyond Purolator's control that may require rerouting or alternate mode of transport.

PuroPost® and PuroPost Plus Shipments

If Purolator is unable to complete delivery of a PuroPost® or PuroPost Plus Shipment (after one attempt), a Delivery Notice card will be left at the delivery address setting out instructions for the Consignee to pick up the Shipment at the nearest Canada Post retail postal outlet.

If after five calendar days, the Shipment has still not been picked up at the Canada Post retail postal outlet, a Final Notice card will be sent to the addressee. The Shipment will be held for pick up for a maximum period of fifteen calendar days, after which time, it will be returned to sender at the Shipper's expense.

BILLING, PAYMENT AND LATE PAYMENT INFORMATION

Payment

Non-account Customers are required to pay for Purolator services at the time such services are requested or, if Purolator invoices the Customer, in accordance with the terms of the applicable invoice. Account Customers are required to pay for Purolator services within 14 calendar days from the date of invoice or in accordance with their Services Agreement. In the event the Customer fails to pay an invoice in full when due, interest may be charged at the rate of 1.5% per month (with an effective rate of 19.6% per annum), on all outstanding amounts. This is in addition to any other legal rights and remedies available to Purolator.

Shipper Payment Guarantee

- (i) The Consignee, on a collect Shipment (see "Collect"), or

Where a Shipment is undeliverable (including where the Consignee is unable to accept delivery of the Shipment for any reason), the Shipper shall pay all charges incurred in the delivery attempt and the return of such Shipment to the Shipper (including, without limitation, all Taxes and Customs Clearance Charges).

Invoice Discrepancies

Customers should call the number on their invoice to report discrepancies. Invoice / billing discrepancies must be brought to Purolator's attention within 90 days of the date of the invoice, after which time such invoice will be deemed accepted by the Customer. Customers are responsible for all reasonable costs incurred by Purolator in connection with investigating any invoice discrepancy. For purposes of this paragraph, pursuant to §49 USC 14101(b), Customer expressly waives Customer's rights under §49 USC 13710 (3) (B).

For the avoidance of doubt, invoice discrepancies shall not relieve Customer from its obligation to pay any non-disputed monetary amounts which are otherwise due.

Non-Sufficient Funds Charges

Purolator, at its sole discretion, may charge additional fees to the Customer resulting from any Non-Sufficient Funds checks.

LEGAL NOTICE

All Shipments tendered to Purolator are subject to the terms and conditions contained herein.

The Shipper understands that civil and criminal penalties including seizure and forfeiture may be imposed for failing to provide Purolator with any required verification, statement, authorization, permit, license, or other supporting documentation which may be required and / or for providing incomplete, inaccurate, false or fraudulent statements, which results in delivery of property by trick or false pretenses whereby a fine, penalty or other liability and / or expense is incurred by or levied against Purolator.

Customers have a duty to and are solely responsible for maintaining all records as required under transportation, export, customs or other applicable laws of the origin and destination countries. Purolator disclaims any responsibility to act as Customer's depository, record keeper or record keeping agent.

Shipments that are prohibited by applicable law or regulation of any federal, state, provincial or government in the origin or destination country will not be transported by Purolator. Purolator reserves the right to discontinue or terminate service immediately with respect to the transportation of any shipment which does not comply with any U.S. or other government law or any provision of these Terms and Conditions.

Purolator reserves the sole right to update, modify, amend and / or change in any manner these terms and conditions at any time, without notice.

DISCLOSURES

Purolator may, from time to time, communicate Shipper and shipment information to its parent, subsidiaries, affiliates, its employees or agents in order to perform its obligations pursuant to the terms and conditions contained herein. Shipper may be required, at Purolator's request, to execute a confidentiality agreement prior to tendering any shipment for delivery.

Failure to submit the necessary supporting documentation (in Purolator's sole discretion) may result in the claim being denied. In order to process a claim, Purolator must have a record of scanning activity for the Shipment indicating that it has actually been inducted into the Purolator distribution network (whether courier or freight). The foregoing applies notwithstanding any "Governing Law" provision contained in any Services Agreement.

To the extent that any provision contained, or referred to, in these Terms and Conditions or a Bill of Lading is invalid or unenforceable at law, such invalidity or unenforceability shall not affect the validity or enforceability of any other provision so contained or referred to.
